
Call for Papers

EURO Journal on Computational Optimization

Special Issue: Computational Advances in Combinatorial Optimization

This special issue will present recent computational advances in all areas of Combinatorial Optimization. The issue will be based on contributions presented at ECCO XXVIII (Catania, May 28-30, 2015), but the invitation to submit is extended to all ECCO and CO members.

The deadline for submission is **January 31, 2016**.

The main topics of interest are (but not restricted to):

- Exact algorithms
- Approximation algorithms
- Heuristics
- Metaheuristics
- Mathematical programming
- Graphs and networks
- Scheduling
- Multi-criteria combinatorial optimization
- Real world applications

Submissions must have some computational aspect (as per the journal name). All articles will be thoroughly refereed according to the high standards of the *EURO Journal on Computational Optimization*. Accepted papers will be published online individually, before print publication.

To submit a paper

1. Go the Springer Editorial System using the <Author Login> via the website <https://www.editorialmanager.com/ejco/>
2. Select <Submit New Manuscript> in the main menu.
3. In the drop down list associated with <Choose Article Type>, select the desired special issue ("SI: Computational Advances in CO").

We are looking forward to receiving your contribution.

The Guest Editors,
Salvatore Greco
Benedetto Matarazzo
